Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

amending Council Regulation (EC) No 812/2004 laying down measures concerning incidental catches of cetaceans in fisheries and amending Regulation (EC) No 88/98

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

The Treaty on the Functioning of the European Union (TFEU) makes a distinction between the powers delegated to the Commission to adopt non-legislative acts of general application to supplement or amend certain non-essential elements of the legislative act as laid down in Article 290(1) of the TFEU (delegated acts), and the powers conferred upon the Commission to adopt uniform conditions for implementing legally binding Union acts as laid down in Article 291(2) of the TFEU (implementing acts).

In relation to the adoption of Regulation (EU) No 182/2011, the Commission made the following statement:

"The Commission will proceed to an examination of all legislative acts in force which were not adapted to the regulatory procedure with scrutiny before the entry into force of the Lisbon Treaty, in order to assess if those instruments need to be adapted to the regime of delegated acts introduced by Article 290 of the Treaty on the Functioning of the European Union. The Commission will make the appropriate proposals as soon as possible and no later than the dates mentioned in the indicative calendar annexed to this declaration."¹

In the context of the alignment of Regulation (EC) No 812/2004 to the new rules of the TFEU, powers currently conferred to the Commission by that Regulation have been reclassified into measures of delegated nature and measures of implementing nature.

The Commission should therefore be empowered to adopt delegated acts to adapt conditions and technical specifications for the use of acoustic deterrent devices. Likewise the Commission should be empowered to adopt implementing acts concerning the procedure and format for reporting obligations for Member States.

2. RESULTS OF CONSULTATIONS WITH THE INTERESTED PARTIES AND IMPACT ASSESSMENTS

There was no need for consultation of interested parties or for impact assessment.

3. LEGAL ELEMENTS OF THE PROPOSAL

• Summary of the proposed action

To identify the powers conferred upon the Commission in Council Regulation (EC) No 812/2004 and to classify these as delegated or implementing powers.

• Legal basis

Article 43(2) of the Treaty on the Functioning of the European Union.

¹ OJ L 55, 28.02.2011, p.19

- **Subsidiarity principle**

The proposal falls under exclusive competence of the European Union.

- **Proportionality principle**

The proposal is amending measures which already exist in Council Regulation (EC) No 182/2004, therefore no concern on the proportionality principle arises.

- **Choice of instrument**

Proposed instrument: Regulation of the European Parliament and of the Council.

Other means would not be adequate for the following reason: a Regulation must be amended by a Regulation.

4. BUDGETARY IMPLICATION

This measure does not involve any additional Union expenditure.
