I. Terms and conditions for the participation of legal entities of the Faroes in indirect actions of Horizon 2020

1. Participation and funding of legal entities established in the Faroes in indirect actions of Horizon 2020 shall follow the conditions laid down for associated countries in Regulation (EU) No 1290/2013 laying down the Rules for Participation and dissemination in H2020 and the terms and conditions established by, or referred to in this Agreement and the annexes thereto.

1. The participation of legal entities established in the Union, created under the national law of one of the Member States of the Union or under the Union law, in projects of the Faroese research and development programmes may require the joint participation of at least one Faroese legal entity. 2. Subject to paragraph 1 and to Annex II, the rights and obligations of legal entities established in the Union participating in the Faroese research projects within research and development programmes, the terms and conditions applicable for the submission and evaluation of proposals and for the granting and conclusion of grant agreements and/or contracts in such projects shall be subject to the Faroese laws, regulations and government directives governing the operation of research and development programmes, as well as national security constraints where applicable, as applicable to Faroese legal entities and assuring equitable treatment, taking into account the nature of the cooperation between the Faroes and the Union in this field.

In the case where funding is not provided to the non-Faroese legal entities, Union legal entities shall cover their own costs, including their relative share of the project's general management and administrative costs.
3. Proposals for research in all fields are to be submitted to the Faroese Research Council (Granskingarráðið).
4. The Faroes shall regularly inform the Union of current Faroese programmes and participation opportunities for legal entities established in the Union.

2. Except if otherwise specifically agreed by the Parties, the following rules shall apply to scientific publication from the Parties:
 - (a) where a Party publishes scientific and technical data, information and results, journals, articles, reports, books, including audiovisual, works and software, arising and relating to activities undertaken under this Agreement, a worldwide, non-exclusive, irrevocable, royalty-free licence shall be granted to the other Party to translate, reproduce, adapt, transmit and publicly distribute such works, unless precluded by existing intellectual property rights of third parties;

ANNEX III
RULES GOVERNING THE FINANCIAL CONTRIBUTION OF THE FAROES TO
HORIZON 2020

I. Calculation of the financial contribution of the Faroes

1. The financial contribution of the Faroes to Horizon 2020 shall be established on a yearly basis in proportion to, and in addition to, the amount available each year in the general budget of the European Union for commitment appropriations needed for the implementation, management and operation of the Horizon 2020 Programme.
2. The proportionality factor governing the contribution of the Faroes shall be obtained by establishing the ratio between the gross domestic product of the Faroes, at market prices, and the sum of gross domestic products, at market prices, of the Member States of the Union. These ratios shall be calculated, for the Member States, on the basis of the latest statistical data from the Commission (Eurostat) available at the time of publication of the draft budget of the European Union for the same year and for the Faroes on the basis of the latest statistical data pertaining to the same year from the National Statistical Authority of the Faroes (Hagstova Føroya) available at the time of publication of the draft budget of the Union.
3. The Commission shall communicate to the Faroes, as soon as possible, and at the latest on 1 September of the year before each financial year, the following information together with relevant background material:
 - the amounts in commitment appropriations, in the statement of expenditure of the draft budget of the European Union corresponding to Horizon 2020.
 - the estimated amount of the contributions derived from the draft budget of the Union, corresponding to the participation of the Faroes in Horizon 2020 in accordance with paragraphs 1, 2 and 3.

Once the general budget of the Union has been finally adopted, the Commission shall communicate to the Faroes, in the statement of expenditure corresponding to the Faroese participation, the final amounts referred to in paragraph 1.

In the fourth year after this Agreement becomes applicable, the Parties shall review the proportionality factor governing the financial contribution of the Faroes, on the basis of the data concerning participation of Faroese legal entities in indirect and direct actions under Horizon 2020 in the years 2014-2016.

II. Payment of the financial contribution of the Faroes

1. The Commission shall issue, at the latest in January and June of each financial year, a call for funds to the Faroes corresponding to its contribution under this Agreement.

These calls for funds shall provide, respectively, for the payment:

of six-twelfths of the Faroese contribution 30 days after receipt of the calls for funds. However, the six-twelfths to be paid 30 days after receipt of the call issued in January shall be calculated on the basis of the amount set out in the statement of revenue of the draft budget: the regularisation of the amount thus paid shall occur with the payment of the six-twelfths 30 days after receipt of the call for funds issued at the latest in June.

For the first year of implementation of this Agreement, the Commission shall issue a first call for funds within 30 days of its provisional application. Should this call be issued after 15 June, it shall provide for the payment of twelve/twelfths of the Faroese contribution within 30 days, calculated on the basis of the amount set out in the statement of revenue of the budget.

2. The contribution of the Faroes shall be expressed and paid in euro. Payment by the Faroes shall be credited to the Union programmes as budgetary revenue allocated to the appropriate budget heading in the statement of revenue of the annual budget of the Union. The Financial Regulation shall apply to the management of the appropriations.
3. The Faroes shall pay its contribution under this Agreement in accordance with the schedule in paragraph 1. Any delay in the payment of the contribution shall give rise to the payment of default interest by the Faroes on the outstanding amount from the due date. The interest rate for amounts receivable not repaid on the due date shall be the rate applied by the European Central Bank to its principal refinancing operations, as published in the C series of the Official Journal of the European Union, in force on the first calendar day of the month in which the due date falls, increased by one and a half percentage points.

In case the delay in the payment of the contribution is such that it may significantly jeopardise the implementation and management of the programme, participation in the programme of the Faroes for the concerned financial year will be suspended by the Commission following the absence of payment 20 working days after a formal letter of reminder sent to the Faroes, without prejudice to the Union's obligations in accordance with grant agreements and/or contracts already concluded pertaining to the implementation of selected indirect actions.

4. At the latest on 31 May of the year following a financial year, the statement of appropriations for Horizon 2020 for that financial year shall be prepared and transmitted to the Faroes for information, in accordance with the format of the Commission's revenue and expenditure account.
5. The Commission, at the time of the closure of the accounts relating to each financial year, within the framework of the establishment of the revenue and expenditure account, shall proceed to the regularisation of the accounts with respect to the participation of the Faroes. This regularisation shall take into consideration modifications which have taken place, either by transfer, cancellations, carryovers, de-commitments, or by supplementary and amending budgets during the financial year. This regularisation shall occur at the time of the second payment for the next financial year, and for the last financial year in July 2021. Further regularisation shall occur every year until July 2023.

ANNEX IV

FINANCIAL CONTROL OF FAROESE PARTICIPANTS IN THE PROGRAMMES COVERED BY THIS AGREEMENT

I. Direct Communication

The Commission shall communicate directly with the participants in the Programme established in the Faroes and with their subcontractors. They may submit directly to the Commission all relevant information and documentation which they are required to submit on the basis of the instruments referred to in this Agreement and of the grant agreements and/or contracts concluded to implement them.

II. Audits

1. In accordance with European Parliament and Council Regulation (EU, Euratom) No 966/2012⁷ and to Commission Delegated Regulation (EU) No 1268/2012⁸ (hereinafter referred to as the 'Rules of Application') and with the other rules referred to in this Agreement, the grant agreements and/or contracts concluded with participants in the Programme established in the Faroes shall provide for scientific, financial, technological or other audits to be conducted at any time on the premises of the participants and of their subcontractors by Commission agents or by other persons mandated by the Commission.
2. Commission agents, the European Court of Auditors and other persons mandated by the Commission shall have appropriate access to sites, works and documents (both electronic and paper versions) and to all the information required in order to carry out such audits on- the-spot subject to the inclusion of this right of access that shall be stated explicitly in the grant agreements and/or contracts concluded to implement the instruments referred to in this Agreement with participants from the Faroes. The non-provision of such rights would be regarded as a failure to substantiate costs and, consequently, as a potential breach of the grant agreements.
3. The audits may be conducted after the Programme or this Agreement expire, on the terms laid down in the grant agreements and/or contracts in question.

III. On-The-Spot Checks

1. Within the framework of this Agreement, the Commission (OLAF) shall be authorised to carry out on-the-spot checks and inspections in the premises of participants and their subcontractors from the Faroes, in accordance with the terms and conditions laid down in Council Regulation (Euratom, EC) No 2185/96⁹.
2. On-the-spot checks and inspections shall be prepared and conducted by the Commission in close collaboration with the National Audit Office (Landsgrannskoðanin). The latter shall be notified a reasonable time in advance of the object, purpose and legal basis of the checks and inspections, so that they can provide assistance. To that end, the officials of the competent Faroese authorities may participate in the on-the-spot checks and inspections.

⁷ Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union (OJ L298, 26.10.2012).

⁸ Commission Delegated Regulation (EU) No 1268/2012 of 29 October 2012 on the rules of application of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union (OJ L362, 31.12.2012).

⁹ OJ L292, 15.11.1996, p. 2.

3. If the Faroese authorities concerned so wish, the on-the-spot checks and inspections may be carried out jointly by the Commission and them.
4. Where the participants in the Programme resist an on-the-spot check or inspection, the Faroese authorities, acting in accordance with national rules and regulations, shall assist the Commission inspectors, to a reasonable extent as needed to allow them to fulfil their duty in carrying out an on-the-spot check or inspection.
5. The Commission shall report as soon as possible to the competent Faroese authority any fact or suspicion relating to an irregularity which has come to its notice in the course of the on-the-spot check or inspection. In any case the Commission shall be required to inform the abovementioned authority of the result of such checks and inspections.

IV. Information and Consultation

1. For the purposes of proper implementation of this Annex, the competent Faroese and Union authorities shall regularly exchange information, unless forbidden or unauthorised by national rules and regulations and, at the request of one of the Parties, shall conduct consultations.
2. The competent Faroese authorities shall inform the Commission within reasonable time of any fact or suspicion which has come to their notice relating to an irregularity in connection with the conclusion and implementation of the grant agreements and/or contracts concluded in application of the instruments referred to in this Agreement.

V. Confidentiality

Information communicated or acquired in any form under this Annex shall be covered by professional secrecy and protected in the same way as similar information is protected by Faroese law and by the corresponding provisions applicable to the Union's institutions. Such information may not be communicated to persons other than those within the Union's institutions or in the Member States or the Faroes whose functions legally require them to know it, nor may it be used for purposes other than to ensure effective protection of the Parties' financial interests.

VI. Administrative Measures and Penalties

Without prejudice to application of Faroese criminal law, administrative measures and penalties may be imposed by the Commission in accordance with Regulations (EU, Euratom) No 966/2012, (EU) No 1268/2012 and (EC, Euratom) No 2988/95¹⁰.

VII. Recovery and Enforcement

Decisions taken by the Commission under Horizon 2020 covered by this Agreement which impose a pecuniary obligation on persons other than States shall be enforceable in the Faroes. If so requested by the Commission, the authority designated by the Government of the Faroes shall commence proceedings for the enforcement of the decision on behalf of the Commission. In this case, the decision of the Commission shall be submitted to the Faroese Court, without other formality than verification of the authenticity of the decision, by the authority designated for this purpose by the Government of the Faroes, which shall inform the Commission thereof. Enforcement shall take place in accordance with the Faroese law and rules of procedure. The relevant enforcement provisions shall be incorporated in the grant agreements and/or contracts with participants from the Faroes. The Court of Justice of the

¹⁰ Council Regulation (EC, Euratom) No 2988/95 of 18 December 1995 on the protection of the European Communities' financial interests (OJ L312, 23.12.1995).
