Proposal for a

COUNCIL DECISION

on the conclusion of a Sustainable Fisheries Partnership Agreement between the European Union and the Republic of Liberia and the Implementation Protocol thereto

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

On the basis of the relevant negotiating directives¹, the Commission conducted negotiations with the Government of Liberia with a view to concluding a new Sustainable Fisheries Partnership Agreement and an Implementation Protocol thereto between the European Union and the Republic of Liberia. Following these negotiations, a new Agreement and Protocol were initialled on 5 June 2015. They cover a period of five years from the date of their provisional application, i.e. from the date of their signature, as laid down in Article 15 of the Agreement and Article 12 of the Protocol.

The new Agreement will provide for a framework taking into account the priorities of the reformed Common Fisheries Policy and its external dimension, with a view to establishing a strategic partnership between the European Union and the Republic of Liberia.

The main objective of the new Protocol is to provide fishing opportunities to Union vessels in the Liberian fishing zone, on the basis of the best available scientific advice and respecting the recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT), where applicable within the limits of the available surplus. The Commission based its position in part on the results of a forward-looking assessment, carried out by external experts, of whether a new Agreement and Protocol should be concluded. The aim is also to enhance cooperation between the European Union and the Republic of Liberia to promote a sustainable fisheries policy and sound exploitation of fisheries resources in Liberia's fishing zone, in the interests of both parties.

The Protocol provides for fishing opportunities in the following categories:

- 28 tuna seiners;
- 6 surface long-liners.

The Commission accordingly proposes that the Council, with the consent of the European Parliament, adopt by Decision the conclusion of this new Agreement and Protocol.

2. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

The interested parties were consulted during the ex-ante evaluation on a possible Sustainable Fisheries Partnership Agreement and Protocol between the European Union and the Republic of Liberia. Experts from the Member States and industry were also consulted in technical meetings. Furthermore, the Liberian fisheries authorities and stakeholders were consulted during a technical meeting. These consultations led to the conclusion that it would be beneficial for the EU and the Republic of Liberia to conclude a new Sustainable Fisheries Partnership Agreement and Protocol.

3. LEGAL ELEMENTS OF THE PROPOSAL

This procedure is being carried out in parallel with the procedures relating to the Council Decision authorising the signing, on behalf of the European Union, and provisional

¹ Adopted by the 3324th meeting of the Council (ECOFIN) on 20 June 2014.

application of the Sustainable Fisheries Partnership Agreement between the European Union and the Republic of Liberia and the Implementation Protocol thereto, and the Council Regulation on the allocation of fishing opportunities between the EU Member States.

4. BUDGETARY IMPLICATIONS

The annual financial contribution is EUR 715 000 for the first year, EUR 650 000 for the second, third and fourth years, and EUR 585 000 for the fifth year, on the basis of:

(a) a reference tonnage of 6 500 tonnes, for which an amount linked to access has been set at EUR 357 500 for the first year, EUR 325 000 for the second, third and fourth years, and EUR 292 500 for the fifth year; and

(b) support for development of the sectoral fisheries policy of the Republic of Liberia, amounting to EUR 357 500 for the first year, EUR 325 000 for the second, third and fourth years, and EUR 292 500 for the fifth year. This support meets the objectives of the national fisheries policy and in particular the Republic of Liberia's needs in relation to scientific research, artisanal fisheries as well as fisheries monitoring, control and surveillance and the fight against illegal fishing.

Proposal for a

COUNCIL DECISION

on the conclusion of a Sustainable Fisheries Partnership Agreement between the European Union and the Republic of Liberia and the Implementation Protocol thereto

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(2) in conjunction with Article 218(6) second subparagraph, point (a) and Article 218(7) thereof,

Having regard to the proposal from the European Commission,

Having regard to the consent of the European Parliament²,

Whereas:

- (1) The European Union and the Republic of Liberia negotiated a Sustainable Fisheries Partnership Agreement (hereinafter referred to as ‘the Agreement’) for a duration of five years, renewable by tacit agreement, and an Implementation Protocol thereto, granting Union vessels fishing opportunities in the waters over which the Republic of Liberia has sovereignty or jurisdiction in respect to fisheries.
- (2) The Agreement and Protocol were signed on [...] in accordance with Decision 2015/.../EU³ and will apply on a provisional basis from the date of their signature.
- (3) The Agreement and Protocol should be approved.
- (4) Article 8 of the Agreement establishes the Joint Committee responsible for monitoring its implementation. Furthermore, in accordance with the Protocol, the Joint Committee may approve certain amendments to the Protocol. In order to facilitate the approval of such amendments, the Commission should be empowered, subject to specific conditions, to approve them under a simplified procedure,

HAS ADOPTED THIS DECISION:

Article 1

The Sustainable Fisheries Partnership Agreement between the European Union and the Republic of Liberia and the Implementation Protocol thereto are hereby approved on behalf of the Union.

The text of the Agreement and Protocol are attached to this Decision as Annexes I and II.

Article 2

The President of the Council shall designate the person(s) empowered to proceed, on behalf of the Union, to the notifications provided for in Article 16 of the Agreement and Article 13 of

² OJ C , , p. .

³ OJ L [...], [...], p. [...].

the Protocol, in order to express the Union's consent to be bound by the Agreement and the Protocol thereto.

Article 3

Subject to the provisions and conditions set out in Annex III to this Decision, the Commission shall be empowered to approve, on behalf of the Union, amendments to the Protocol adopted by the Joint Committee established under Article 8 of the Agreement.

Article 4

This Decision shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

LEGISLATIVE FINANCIAL STATEMENT

1. FRAMEWORK OF THE PROPOSAL/INITIATIVE

1.1. Title of the proposal/initiative

Proposal for a Council Decision on the conclusion of a Sustainable Fisheries Partnership Agreement between the European Union and the Republic of Liberia and the Implementation Protocol thereto.

1.2. Policy area(s) concerned in the ABM/ABB structure⁴

11. – Maritime Affairs and Fisheries

11.03 – Compulsory contributions to regional fisheries management organisations (RFMOs) and other international organisations and sustainable fisheries agreements (SFAs).

1.3. Nature of the proposal/initiative

The proposal/initiative relates to **a new action**

The proposal/initiative relates to **a new action following a pilot project/preparatory action⁵**

The proposal/initiative relates to **the extension of an existing action**

The proposal/initiative relates to **an action redirected towards a new action**

1.4. Objective(s)

1.4.1. *The Commission's multiannual strategic objective(s) targeted by the proposal/initiative*

The negotiation and conclusion of Sustainable Fisheries Partnership Agreements (SFPAs) with third countries meets the general objective of giving EU fishing vessels access to the fishing zones of third countries and developing a partnership with those countries with a view to strengthening the sustainable exploitation of fishery resources outside EU waters.

SFPAs also ensure consistency between the principles governing the Common Fisheries Policy and the commitments made under other European policies (sustainable use of third-country resources, combating illegal, unreported and unregulated (IUU) fishing, integration of partner countries into the global economy and better political and financial governance of fisheries).

1.4.2. *Specific objective(s) and ABM/ABB activity(ies) concerned*

Specific objective:

To contribute to sustainable fishing in non-EU waters, maintain a European presence in distant-water fisheries and protect the interests of the European fisheries sector and consumers by negotiating and concluding SFPAs with coastal states, consistent with other European policies.

ABM/ABB activity(ies) concerned

⁴ ABM: activity-based management; ABB: activity-based budgeting.

⁵ As referred to in Article 54(2)(a) or (b) of the Financial Regulation.

Maritime affairs and fisheries, to establish a governance framework for fishing activities carried out by European Union fishing vessels in third country waters (SFAs) (budget line 11.0301).

1.4.3. *Expected result(s) and impact*

Specify the effects which the proposal/initiative should have on the beneficiaries/groups targeted.

The conclusion of the Agreement enables the establishment of a strategic fisheries partnership between the European Union and the Republic of Liberia. The conclusion of the Protocol will create fishing opportunities for Union vessels in the Liberian fishing zone.

The Protocol will also contribute to better management and conservation of fishery resources, through financial support (sectoral support) for the implementation of programmes adopted at national level by the partner country, in particular as regards monitoring and combating illegal fishing.

1.4.4. *Indicators of results and impact*

Specify the indicators for monitoring implementation of the proposal/initiative.

Rates of utilisation of fishing opportunities (annual uptake of fishing authorisations as a percentage of availability under the Protocol);

Gathering and analysing data on catches and the commercial value of the Agreement;

Contribution to employment and to added value in the EU and to stabilising the EU market (in aggregate with other SFPAs);

Number of technical meetings and meetings of the Joint Committee.

1.5. Grounds for the proposal/initiative

1.5.1. *Requirement(s) to be met in the short or long term*

There has never been an SFPA or Protocol between the European Union and the Republic of Liberia. A forward looking assessment, carried out by external experts, concluded that a new SFPA and Protocol between the EU and the Republic of Liberia would be beneficial for both parties.

It is intended that the new Agreement and Protocol will apply provisionally from the date of their signature in order not to delay the start of fishing operations.

The new Protocol will provide a framework for the fishing activities of the European fleet in the Liberian fishing zone and will authorise European vessel owners to apply for fishing licences allowing them to fish in that zone. In addition, the new Protocol enhances cooperation between the EU and the Republic of Liberia, with a view to promoting the development of a sustainable fishing policy. It provides, in particular, for vessels to be monitored via VMS and for the electronic transmission of catch data. The sectoral support available under the Protocol will help the Republic of Liberia with its national fisheries strategy, including the fight against IUU fishing.

1.5.2. *Added value of EU involvement*

As regards this new Agreement and Protocol, failure to act by the EU would allow the emergence of private agreements which would not guarantee sustainable fisheries. The European Union also hopes that with this Protocol, the Republic of Liberia will continue to cooperate effectively with the EU particularly as regards the fight against illegal fishing.

1.5.3. Lessons learned from similar experiences in the past

An analysis of past catches in the Liberian fishing zone and of recent catches within the framework of similar protocols in the region, as well as the assessments and scientific advice available, led the parties to set a reference tonnage for tuna and tuna-like species of 6 500 tonnes a year with fishing opportunities for 28 purse seiners and 6 surface long-liners. Sectoral support has been set at a relatively high level in order to take into account requirements in terms of building the capacity of the Liberian fisheries authorities and the priorities of the national fisheries strategy.

1.5.4. Compatibility and possible synergy with other appropriate instruments

Funds paid out under SFPAs constitute fungible revenue in the budgets of the third-country partners. However, allocating some of those funds for implementing measures as part of the country's sectoral policy is a condition for the conclusion and monitoring of SFPAs. These financial resources are compatible with other sources of funding from other providers of international funding for carrying out projects and/or programmes at national level in the fisheries sector.

1.6. Duration and financial impact

Proposal/initiative of **limited duration**

- Proposal/initiative in effect from 2015 to 2020
- Financial impact from 2015 to 2019

Proposal/initiative of **unlimited duration**

- Implementation with a start-up period from YYYY to YYYY,
- followed by full-scale operation.

1.7. Management mode(s) planned⁶

Direct management by the Commission

- by its departments, including by its staff in the Union delegations;
- by the executive agencies

Shared management with the Member States

Indirect management by entrusting budget implementation tasks to:

- third countries or the bodies they have designated;
 - international organisations and their agencies (to be specified);
 - the EIB and the European Investment Fund;
 - bodies referred to in Articles 208 and 209 of the Financial Regulation;
 - public law bodies;
 - bodies governed by private law with a public service mission to the extent that they provide adequate financial guarantees;
 - bodies governed by the private law of a Member State that are entrusted with the implementation of a public-private partnership and that provide adequate financial guarantees;
 - persons entrusted with the implementation of specific actions in the CFSP pursuant to Title V of the TEU, and identified in the relevant basic act.
- *If more than one management mode is indicated, please provide details in the 'Comments' section.*

Comments

⁶ Details of management modes and references to the Financial Regulation may be found on the BudgWeb site: http://www.cc.cec/budg/man/budgmanag/budgmanag_en.html

2. MANAGEMENT MEASURES

2.1. Monitoring and reporting rules

Specify frequency and conditions.

The Commission (DG MARE, in collaboration with its fisheries counsellor based in the region) will ensure regular monitoring of the implementation of the Protocol, particularly as regards the use by operators of fishing opportunities and catch data.

The SFPA Agreement provides for at least one annual meeting of the Joint Committee, at which the Commission and the Republic of Liberia review the implementation of the Agreement and Protocol and, if necessary, adjust the programming and, if applicable, the financial contribution.

2.2. Management and control system

2.2.1. Risk(s) identified

There is some risk in setting up a new fisheries Agreement and Protocol, particularly with regard to the amounts intended to finance the sectoral fisheries policy (under-programming).

2.2.2. Information concerning the internal control system set up

Extensive dialogue is planned on the programming and implementation of the sectoral policy laid down in the Agreement and the Protocol. Joint analysis of results, as referred to in Article 4 of the Protocol, also forms part of these control methods.

In addition, the Agreement and the Protocol contain specific clauses for their suspension, on certain conditions and in given circumstances.

2.2.3. Estimate of the costs and benefits of the controls and assessment of the expected level of risk of error

--

2.3. Measures to prevent fraud and irregularities

Specify existing or envisaged prevention and protection measures.

The Commission undertakes to establish political dialogue and regular coordination with the Republic of Liberia with a view to improving the management of the Agreement and the Protocol and strengthening the EU's contribution to the sustainable management of resources. In any case, any payment which the Commission makes under an SFPA is subject to the Commission's standard rules and budgetary and financial procedures. This makes it possible, in particular, to fully identify the bank accounts of the third countries into which the financial contribution is paid. For this particular Protocol, Article 3(8) stipulates that the entire financial contribution must be paid into an account of the Public Treasury account opened with the Central Bank of Liberia.
