commensurate with the contribution of Union vessels to experimental fisheries, of the fishing possibilities of the new species to the Union until the expiration of this Protocol. The financial compensation referred to in Article 2 paragraph 2 (a) of this Protocol shall consequently be increased. Shipowners' fees and conditions as provided for in the Annex shall be amended accordingly. The Joint Committee shall make corresponding amendments to this Protocol and its Annex.

2. Without prejudice to Article 3, payment of the financial contribution may resume as soon as the situation existing prior to the events mentioned in Article 13 of the Agreement has been re-established or a settlement has been reached in accordance with the Agreement.

Article 8 - Termination

This Protocol may be terminated at the initiative of either one of the Parties in the cases and under the conditions referred to in Article 14 of the Agreement.

Article 9 - Confidentiality

1. The Cook Islands shall maintain the confidentiality and security of the commercially sensitive data concerning the Union fishing activities in its fishery waters in a manner no less stringent than the standards established by the WCPFC Commission for the WCPFC Secretariat in its Information Security Policy.
2. Both Parties shall ensure that only public domain aggregated data for the fishing activities of the Union vessels in the Cook Islands fishery waters may be disseminated, in accordance with the WCPFC Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission. Data defined as non-public domain by Section 4.1 of those WCPFC Rules and Procedures and data that may be considered as otherwise confidential shall be used exclusively for the application of the Agreement.

2. Both Parties will immediately notify the other Party of any disruption of a computer system impeding such exchanges. In these circumstances, the information and documents related to the implementation of the Agreement and the Protocol shall be automatically replaced by their paper version in the manner defined in the Annex.

Article 11 - Obligation on expiry of protocol or termination

In the case of the expiry of the Protocol or its termination as provided by Article 14 of the Agreement, Union shipowners shall continue to be liable for any breach of the provisions of the Agreement or the Protocol or any laws of the Cook Islands which occurred before the expiry or termination of the Protocol, or for any licence fee or any outstanding dues not paid at the time of expiry or termination.

Article 12 - Provisional application

Signature of this Protocol by the Parties entails its provisional application prior to its entry into force.

Article 13 - Entry into force

This Protocol shall enter into force when the Parties have notified each other of the completion of the necessary procedures.

In the absence of observations by the shipowners at that date, the statement submitted by the Cook Islands' authority shall be considered as the final one. Where the final statement is less than the advance payment referred to in Section 5 point 2, the balance shall not be recoverable by the shipowner.

ANNEX III

Scope of the empowerment and procedure for establishing the Union position in the Joint Committee

- (1) The Commission shall be authorised to negotiate with Government of the Cook Islands and, where appropriate and subject to complying with point 3 of this Annex, agree on modifications to the Protocol in respect of the following issues:
 - (a) review of fishing opportunities in accordance with Articles 5 and 6 of the Protocol;
 - (b) decision on the modalities of the sectoral support in accordance with Article 3 of the Protocol;
 - (c) technical provisions of the Protocol and the Annex thereto falling within the powers of the Joint Committee in accordance with Article 6(3) of the Protocol.
- (2) In the Joint Committee established under the Agreement, the Union shall:
 - (a) act in accordance with the objectives pursued by the Union within the framework of the Common Fisheries Policy;
 - (b) follow the Council Conclusions of 19 March 2012 on a Communication on the external dimension of the Common Fisheries Policy;
 - (c) promote positions that are consistent with the relevant rules adopted by Regional Fisheries Management Organisations and in the context of joint management by coastal States.
- (3) When a decision on modifications to the Protocol referred to in point 1 is foreseen to be adopted during a Joint Committee Meeting, the necessary steps shall be taken so as to ensure that the position to be expressed on behalf of the Union takes account of the latest statistical, biological and other relevant information transmitted to the Commission.

To this effect and based on that information, a document setting out the particulars of the proposed Union position shall be transmitted by the Commission services, in sufficient time before the relevant Joint Committee Meeting, to the Council or to its preparatory bodies for consideration and approval.

In respect of the issues referred to in point 1(a), the approval of the envisaged Union position by the Council shall require a qualified majority of votes. In the other cases, the Union position envisaged in the preparatory document shall be deemed to be agreed, unless a number of Member States equivalent to a blocking minority objects during a meeting of the Council's preparatory body or within 20 days from receipt of the preparatory document, whichever occurs earlier. In case of such objection, the matter shall be referred to the Council.

If, in the course of further meetings, including on the spot, it is impossible to reach an agreement in order for the Union position to take account of new elements, the matter shall be referred to the Council or its preparatory bodies.
