Proposal for a

## **COUNCIL DECISION**

**on the signing, on behalf of the European Union, and provisional application of the Agreement between the European Union and Iceland on supplementary rules in relation to the instrument for financial support for external borders and visa, as part of the Internal Security Fund, for the period 2014 to 2020**

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE PROPOSAL**

Regulation (EU) No 515/2014 of the European Parliament and of the Council of 16 April 2014, establishing, as part of the Internal Security Fund, the instrument for financial support for external borders and visa and repealing Decision No 574/2007/EC entered into force on 21 May 2014 and became applicable as of 1 January 2014<sup>1</sup>.

Regulation (EU) No 514/2014 of the European Parliament and of the Council of 16 April 2014 laying down general provisions on the Asylum, Migration and Integration Fund and on the instrument for financial support for police cooperation, preventing and combating crime, and crisis management also entered into force on 21 May 2014 and became applicable as of 1 January 2014<sup>2</sup>. Under Article 19 of Regulation (EU) No 515/2014, the provisions of Regulation (EU) No 514/2014 apply to the instrument for financial support for external borders and visa, as part of the Internal Security Fund (hereinafter referred to as 'the ISF Borders and Visa').

The purpose of the ISF Borders and Visa is to establish a solidarity mechanism binding the participating states by the same European rules on the control of external borders in each other's interests and on each other's behalf. The ISF Borders and Visa will serve to accomplish a key objective of the Schengen *acquis*, namely to share responsibility for an 'efficient, high and uniform level of control at the external borders', as set out in Article 15 of Regulation (EU) 2016/399 of the European Parliament and of the Council<sup>3</sup>. It is thus a development of the Schengen *acquis*.

Article 5(7) of Regulation (EU) No 515/2014 provides that the countries associated with the implementation, application and development of the Schengen *acquis* participate in the instrument in accordance with its provisions and that arrangements are to be concluded on their financial contributions and the supplementary rules necessary for such participation, including provisions ensuring the protection of the Union's financial interests and the power of audit of the Court of Auditors, as the respective Association Agreements do not provide for such rules.

The aim of the draft Agreement with Iceland is to establish the arrangements referred to in Article 5(7) of Regulation (EU) No 515/2014 and to enable the Commission to assume ultimate responsibility for implementation of the budget of the instrument in this associated country and determine its contribution to the Union budget in respect of this instrument.

As regards budgetary and financial controls, the Member States are subject to horizontal obligations (e.g. the competence of the Court of Auditors and of the European Anti-Fraud Office (OLAF)), derived either directly from the Treaty or from secondary Union legislation. These obligations apply to the Member States directly and are therefore not laid down in Regulation (EU) No 515/2014. However, in application of Article 5(7) of Regulation (EU) No 515/2014, they must be extended to the associated country by means of the draft Agreement.

In order to protect the Union's financial interests against fraud and other irregularities, Regulation (EU) No 514/2014 provides for Commission staff, the Court of Auditors and OLAF to be granted suitable access to carry out controls. Article 5(9) of Regulation (EU) No 514/2014 adds that cooperation agreements with third countries will expressly empower the

Commission, the Court of Auditors and OLAF to conduct such audits, on-the-spot controls and inspections. Consequently, this is provided for in the draft Agreement.

## **2. LEGAL ELEMENTS OF THE PROPOSAL**

- **Legal basis**

Having as its aim the conclusion of arrangements between the Union and Iceland on this country's contribution to the instrument for financial support for external borders and visa for the period 2014-2020 and on the supplementary rules necessary for this participation, the present proposal for the signature of the Agreement is based on Articles 77(2) and 218(5) of the Treaty on the Functioning of the European Union.

- **The necessity for the proposed decision**

On the basis of Article 5(7) of Regulation (EU) No 515/2014 the conclusion of the Agreement with Iceland is necessary for the establishment of the arrangements on this country's contribution to the instrument for financial support for external borders and visa for the period 2014-2020 and on the supplementary rules necessary for this participation.

In application of Article 19(4) of the Agreement, it is necessary to apply the Agreement provisionally, with the exception of Article 5 of the Agreement, as of the day following its signature.

## **3. RESULTS OF CONSULTATIONS WITH INTERESTED PARTIES AND IMPACT ASSESSMENTS**

- **Outcome of the Negotiations**

The Commission presented on 28 May 2014 a recommendation to the Council in order to authorise the Commission to open negotiations with Norway, Iceland, Switzerland, and Liechtenstein on an international Agreement establishing such supplementary rules.

The Commission received the Council authorisation to open negotiations with Norway, Iceland, Switzerland, and Liechtenstein on an Agreement on the modalities of these countries' participation in the Internal Security Fund – Borders and Visa on 14 July 2014.

The negotiations were held jointly with all associated countries. Two rounds of negotiations took place. The final text of the draft Agreement with Iceland was initialled on 21 September 2016.

The Commission considers that the objectives set by the Council in its negotiating directives were attained and that the draft Arrangement is acceptable to the Union.

The Member States have been informed and consulted in the relevant Council Working Groups.

The final content of it can be summarised as follows:

The draft Agreement foresees the annual financial contribution of Iceland to the budget of the Internal Security Fund – Borders and Visa by an annual sum calculated in accordance with its GDP as a percentage of GDP of all States participating in the Fund [Article 10 and the Annex]. Annual payments are specified in Article 11.

Furthermore the draft Agreement foresees also the modalities for the designation of the Responsible Authority and for the annual reporting system.

The Agreement contains as well provisions to protect the financial interests of the Union against fraud and measures to ensure compliance with the provisions relevant for the financial management and control as laid down in the Treaty on the Functioning of the European Union ('TFEU') and in Union law based on the TFEU.

#### **5. OTHER ELEMENTS**

- **Territorial application**

Regulation (EU) No 515/2014 constitutes a development of the Schengen *acquis*. In this regard, the present Agreement with Iceland also builds on the Schengen *acquis*.

In accordance with Articles 1 and 2 of Protocol No 22 on the position of Denmark annexed to the TEU and TFEU, Denmark does not take part in the adoption of this decision and will not be bound by it or be subject to its application. In accordance with Article 4 of the aforementioned Protocol, Denmark will decide within six months after the Council has adopted this proposal whether it will implement the proposed decision in its national law.

This proposal constitutes a development of elements of the Schengen *acquis* in which the United Kingdom and Ireland do not take part and they will therefore not be bound or subject to its application, in accordance with Council Decisions 2000/365/EC<sup>4</sup> and 2002/192/EC<sup>5</sup> respectively.

- **Implementation plans and monitoring, evaluation and reporting arrangements**

Article 17 of the Agreement specifies the applicable reporting and monitoring arrangements. By 15 February each year and until 2022 included, Iceland is to submit an annual implementation report to the Commission for the previous financial year.
