Proposal for a

COUNCIL DECISION

on the conclusion of the Agreement for scientific and technological cooperation between the European Union and the Arab Republic of Egypt setting out the terms and conditions for participation of the Arab Republic of Egypt in the Partnership for Research and Innovation in the Mediterranean Area (PRIMA)

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

• Reasons for and objectives of the proposal

On 30 May 2017 the Council authorised the Commission to open negotiations, on behalf of the Union, with the Arab Republic of Egypt ('Egypt') on an International Agreement between the Union and Egypt laying down the terms and conditions for the participation of Egypt in the Partnership for Research and Innovation in the Mediterranean Area ('PRIMA').

According to the terms of the Council authorising decision, negotiations could only be started upon adoption of a Decision of the European Parliament and of the Council on the participation of the Union in the Partnership for Research and Innovation in the Mediterranean Area (PRIMA) jointly undertaken by several Member States.

The negotiations started on 26 June 2017 and were successfully completed on 27 July 2017, when the draft Agreement text was initialled by the representatives of each of the future Parties. The draft Agreement attached to this proposal is in line with the negotiating directives issued by the Council. In particular, it establishes that the terms and conditions for the participation of Egypt in PRIMA shall be those set out in Decision (EU) 2017/1324¹, making direct reference to the Union legislative act.

In order to ensure the protection of Union financial interests, particularly the powers of the Commission, the European Anti-Fraud Office, the Court of Auditors and the PRIMA Implementation Structure (PRIMA-IS) to carry out audits and investigations in accordance with the applicable Union legislation, the Agreement makes specific reference to the relevant provisions of Decision (EU) 2017/1324 and obliges the Parties to provide all necessary assistance to ensure their implementation. In addition, the future Agreement stipulates that the Parties must agree on detailed arrangements for assistance, such arrangements being essential to their cooperation under this Agreement. Upon the request of Egypt and as agreed during the negotiations, an additional recital was inserted in the preamble of the Agreement to reflect that full cooperation and coordination between competent authorities of both future Parties is essential for implementation of the future Agreement.

• Consistency with existing policy provisions in the policy area

As also presented in the impact assessment report for PRIMA² the openness of PRIMA to the participation of third countries such as Egypt is consistent with the objectives of international cooperation for research and innovation as outlined in the 2012 Commission Communication 'Enhancing and focusing EU international cooperation in research and innovation: A strategic approach'³ and Horizon 2020 Framework Programme, which promotes cooperation with third countries in science, technology and innovation in order to tackle global societal challenges and support Union external policies. This Agreement is also consistent with the existing Euro-Mediterranean Agreement establishing an Association between the European Communities

and their Member States, of the one part, and the Arab Republic of Egypt, of the other part⁴ and the Agreement for scientific and technological cooperation between the European Community and the Arab Republic of Egypt⁵ which provide for cooperation between Union and Egypt in research and technological development and encourage research and development activities in the fields of common interest.

- **Consistency with other Union policies**

The implementation of PRIMA in close cooperation with third countries such as Egypt, is also consistent with, and relevant for, other Union policies, such as migration policy, development policy and neighbourhood policy.

2. LEGAL ELEMENTS OF THE PROPOSAL

The proposal for a Council decision is based on Article 186 and Article 218(6)(a) of the Treaty on the Functioning of the European Union.

In the light of the above, the Commission proposes that the Council concludes the Agreement on behalf of the European Union.
