to the

Proposal for a COUNCIL DECISION

on the conclusion of a Protocol between the European Union, the Swiss Confederation and the Principality of Liechtenstein to the Agreement between the European Community and the Swiss Confederation concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Switzerland regarding the access to Eurodac for law enforcement purposes

THE EUROPEAN UNION

and

THE SWISS CONFEDERATION,

and

THE PRINCIPALITY OF LIECHTENSTEIN

hereinafter referred to as 'the Parties',

(1) CONSIDERING that on 26 October 2004, the Agreement between the European Community and the Swiss Confederation concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Switzerland (hereinafter: Agreement of 26 October 2004) was concluded¹.

(2) CONSIDERING that on 28 February 2008, the Protocol between the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Community and the Swiss Confederation concerning the criteria and mechanisms for establishing the State responsible for examining a request for asylum lodged in a Member State or in Switzerland (hereinafter: Protocol of 28 February 2008) was concluded².

(3) RECALLING that on 26 June 2013 the European Union adopted Regulation (EU) No 603/2013 of the European Parliament and of the Council on the establishment of 'Eurodac' for the comparison of fingerprints for the effective application of Regulation (EU) No 604/2013 establishing the criteria and mechanisms for determining the Member State responsible for examining an application for international protection lodged in one of the Member States by a third-country national or a stateless person and on requests for the comparison with Eurodac data by Member States' law enforcement authorities and Europol for law enforcement purposes, and amending Regulation (EU) No 1077/2011 establishing a European Agency for the operational management of large-scale IT systems in the area of freedom, security and justice (hereinafter: Regulation (EU) No 603/2013)³.

¹ OJ L 53, 27.2.2008, p. 5.

² OJ L 160, 18.6.2011, p. 39.

³ OJ L 180, 29.6.2013, p. 1.

(4) RECALLING that the procedures for comparison and data transmission for law enforcement purposes as laid down in the Regulation (EU) No 603/2013 do not constitute a development building upon the provisions of Eurodac within the meaning of the Agreement of 26 October 2004 and the Protocol of 28 February 2008.

(5) CONSIDERING that a Protocol should be concluded between the European Union and the Swiss Confederation, hereinafter referred to as ‘Switzerland’, and the Principality of Liechtenstein, hereinafter referred to as ‘Liechtenstein’, to enable Switzerland and Liechtenstein to participate in the law-enforcement-related aspects of Eurodac and therefore enable designated law enforcement authorities in Switzerland and Liechtenstein to request the comparison of fingerprint data transmitted to the Eurodac Central System by the other participating States.

(6) CONSIDERING that the application of Regulation (EU) No 603/2013 for law enforcement purposes to Switzerland and Liechtenstein should also enable designated law enforcement authorities of the other participating States and Europol to request the comparison of fingerprint data transmitted to the Eurodac Central System by Switzerland and Liechtenstein.

(7) CONSIDERING that the processing of personal data by the designated law enforcement authorities of the participating States as well as by Europol for the purposes of the prevention, detection or investigation of terrorist offences or of other serious criminal offences pursuant to this Protocol should be subject to a standard of protection of personal data under their national law which complies with Directive (EU) 2016/680 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data by competent authorities for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, and on the free movement of such data, and repealing Council Framework Decision 2008/977/JHA⁴.

(8) CONSIDERING that the further conditions set out in Regulation (EU) No 603/2013 as regards the processing of personal data by the designated authorities of the participating States as well as by Europol for the purposes of the prevention, detection or investigation of terrorist offences or of other serious criminal offences should also apply.

(9) CONSIDERING that access for the designated authorities of Switzerland and Liechtenstein should be allowed only on condition that comparisons with the national fingerprint databases of the requesting State and with the automated fingerprinting identification systems of all other participating States under Council Decision 2008/615/JHA of 23 June 2008 on the stepping up of cross-border cooperation, particularly in combating terrorism and cross-border crime⁵ did not lead to the establishment of the identity of the data subject. That condition requires the requesting State to conduct comparisons with the automated fingerprinting identification systems of all other participating States under Council Decision 2008/615/JHA which are technically available, unless that requesting State can justify that there are reasonable grounds to believe that it would not lead to the establishment of the identity of the data subject. Such reasonable grounds exist in particular where the specific case does not present any operational or investigative link to a given participating State. That condition requires prior legal and technical implementation of Council Decision 2008/615/JHA by the requesting State with regard to dactyloscopic data, as it should not be permitted to conduct a Eurodac check for law enforcement purposes where those above steps have not been first taken.

⁴ OJ L 119, 4.5.2016, p. 89.

⁵ OJ L 210, 6.8.2008, p. 1.

(10) CONSIDERING that prior to searching Eurodac, designated authorities of Switzerland and Liechtenstein should also, provided that the conditions for a comparison are met, consult the Visa Information System under Council Decision 2008/633/JHA of 23 June 2008 concerning access for consultation of the Visa Information System (VIS) by designated authorities of Member States and by Europol for the purposes of the prevention, detection and investigation of terrorist offences and of other serious criminal offences⁶.

(11) CONSIDERING that identical mechanisms regarding new legislation and new acts or measures as provided for in the Agreement of 26 October 2004 and the Protocol of 28 February 2008, including the role of the Mixed Committee, should apply to all new legislation and new acts or measures regarding the access to Eurodac for law enforcement purposes.
