2. Other administrative expenditure

Give details of the method of calculation used for each budget line

and in particular the underlying assumptions (e.g. number of meetings per year, average costs, etc.)

HEADING 7 of the multiannual financial framework

Buildings and associated costs

The JU has to ensure that the working conditions of its staff comply with the standards of the EU institutions. The office premises will be offered by the JU hosting country. This appropriation includes costs related to the infrastructure: insurance, water, electricity and heating, cleaning and maintenance, security and surveillance.

Information Technology

To allow its staff to perform its work, the Joint Undertaking is equipped with state-of-the-art office equipment and networking facilities, allowing to use the standard IT toolchain of the EU programmes and institutions. This appropriation is intended to cover the purchase of computing and other similar electronic office equipment and hardware as well as the installation, configuration and maintenance of this equipment. The procurement and maintenance of program packages and software licences necessary for the normal operation of the JU; the expenditure on services contracts for analysis, programming and technical assistance necessary for the JU, the cost of external services contracts to manage and maintain the data and systems, training and other support activities.

It covers the cost of SLAs with the Commission, necessary for the use of the ABAC accounting system (SLA with DG BUDG), as well as for the provision of IT equipment/services (SLA with, DIGIT, REA, RTD, CdT, HR and/or CNECT). It also includes costs specific to the secure data communication needs of the JU to access the ABAC accounting system.

Movable property

This includes the necessary resources to cover the costs of office organisation, archive spaces and meeting rooms.

Current administrative expenditure

This includes costs of office supplies, stationery, badges, office material and other consumables necessary for the operation of the office as well as any costs incurred for any mandatory translations,)

Postage and Telecommunications

This covers all correspondence, postage and telecommunication (fixed, mobile telephony and videoconference equipment/licencing) costs of the JU.

Expenditure of formal and other meetings

As part of the activities of the Joint Undertaking, some meetings (like Governing Board meetings and community workshops) require big rooms that are not available at the JU premises.

Operational activities

Auditing and legal assistance are key elements to ensure that the JU complies with the legal framework. (e.g. internal audit capability, external auditors and ex-post audits)

Communication activities related to publishing, and in particular communication material for conferences, info days and workshops; website development and consolidation; general public relations and publicity.

Information and Publishing

This covers the communication policy of the Joint Undertaking, to ensure public awareness and understanding of the scopes. It is also covering the activities related to production and printing the Annual Activity and other Reports.

Expert contracts and meetings

This includes the costs related to the evaluation, selection and review of projects, as well as the costs incurred for evaluators and reviewers.
