

ANNEX

COMMUNICATION FROM THE COMMISSION

A Europe of results – Applying Community law

Annex – Areas of Community law proposed for evaluation

Justice, Freedom and Security: Directive 2004/38/EC on the right of EU citizens and their family members to move and reside freely within the territory of the Member States.

Enterprise and Industry: Council Directive 85/374/EEC on the approximation of the laws, regulations and administrative provisions of the Member States concerning liability for defective products.

Fisheries and Maritime Affairs: the obligation for Member States to set up a computerised system to record and cross-check data relating to catches, as laid down in Article 19 of Regulation (EEC) No 2847/93

Energy and Transport:

- Directive 2004/49/EC of the European Parliament and of the Council of 29 April 2004 on safety on the Community's railways and amending Council Directive 95/18/EC on the licensing of railway undertakings and Directive 2001/14/EC on the allocation of railway infrastructure capacity and the levying of charges for the use of railway infrastructure and safety certification (Railway Safety Directive)
- Directive 2004/50/EC of 29 April 2004 amending Council Directive 96/48/EC on the interoperability of the trans-European high-speed rail system and Directive 2001/16/EC of the European Parliament and of the Council on the interoperability of the trans-European conventional rail system

Employment, Social Affairs and Equal Opportunities: Council Directive 2000/43/EC of 29 June 2000 implementing the principle of equal treatment between persons irrespective of racial or ethnic origin.

Health and Consumer Protection: Directive 2002/98/EC on the quality and safety of blood and blood components.

Information Society and Media: Regulation (EC) No 717/2007 on roaming on public mobile telephone networks within the Community.

Internal Market and Services: Directive 2004/25/EC of the European Parliament and of the Council of 21 April 2004 on takeover bids.

Environment: Environmental legislation is characterised by a large body of directives, many of which are inter-related and clustered in particular subject-areas. Therefore, rather than focus on particular directives in isolation, the Commission is ready to have a dialogue on subject-areas, like nature conservation, waste, etc. This will be addressed further in the specific Commission communication on implementation of environmental law that is intended to follow the present communication.
