Proposal for a

**COUNCIL DECISION**

**on the signature and provisional application of the stepping stone Economic Partnership Agreement between the European Community and its Member States, of the one part, and Côte d'Ivoire, of the other part**

(presented by the Commission)

## **EXPLANATORY MEMORANDUM**

The attached proposal constitutes the legal instrument for the signature and provisional application of a stepping stone Economic Partnership Agreement (EPA) between the European Community and its Member States, of the one part, and Côte d'Ivoire, of the other part: Proposal for a Council Decision on the signature and provisional application of the stepping stone EPA.

As announced in the Communication to the Council and the European Parliament dated 23 October 2007, the stepping stone EPA has been negotiated with Côte d'Ivoire in order to avoid disrupting trade between this country and the Community on the expiry on 31 December 2007 of the trade provisions set out in Annex V of the Cotonou Agreement and the WTO waiver that covered them, and pending the completion of a comprehensive EPA with the whole West African region<sup>1</sup>. Following the initialling of this Agreement on 7 December 2007, Côte d'Ivoire was added to the list of countries benefiting from an EPA trade regime established by Council Regulation (EC) No 1528/2007, adopted on 20 December 2007. This Regulation provided for an advance application of the EPA trade regime. Following the initialling of a stepping stone EPA on 13 December 2007, Ghana was also added to this list. As Least Developed Countries (LDC), all other West African countries, except Nigeria and Cape Verde, are subject to the Everything But the Arms (EBA) initiative since the 1<sup>st</sup> January 2008 which offers duty free quota free access to the EC market for all products except arms. Cape Verde was graduated on 1<sup>st</sup> January 2008 to the status of non-LDC but has been granted a three-years extension during which it will still benefit from the EBA regime, as foreseen by Council Regulation No 980/2005 of 27 June 2005 applying a scheme of generalised tariff preferences (GSP). Nigeria, which is a non-LDC, was offered the possibility of negotiating a stepping stone EPA equivalent with those negotiated with Côte d'Ivoire and Ghana but decided not to do so. Consequently, they are subject to the regular GSP regime since the 1<sup>st</sup> January 2008.

The negotiation of a full EPA with the whole West African region continues, consistently with the negotiating directives for EPAs with the ACP States adopted by Council on 12 June 2002.

The stepping stone EPA contains provisions on Trade in Goods, Customs and Trade Facilitation, Technical Barriers to Trade and Sanitary and Phytosanitary Measures. There are also Development Cooperation provisions setting out priority areas of action for the implementation of the EPA. Each individual substantive chapter of the Agreement includes specific areas of cooperation and a Development Cooperation declaration establishes the link with the EU Aid for Trade strategy and recalls the Commission's and Member States' intention to contribute to a regional development fund. The Agreement also foresees the continuation of negotiations at regional level on investment, services and trade related issues and provides that the full regional EPA will supersede it once concluded.

Pending the entry into force of the stepping stone EPA, the stepping stone EPA foresees the provisional application of the Agreement.

The Commission requests the Council:

---

<sup>1</sup> The countries of this region are Benin, Burkina Faso, Ivory Coast, Guinea Bissau, Mali, Niger, Senegal, Togo, Cape Verde, Gambia, Ghana, Guinea, Liberia, Nigeria, Sierra Leone and Mauritania.

- to authorise the signature, on behalf of the European Community, of the stepping stone EPA with Côte d'Ivoire;
