Brussels, 16.9.2008
C(2008) 5032 final

COMMISSION DECISION

to adopt the candidates list to be submitted to the Council and to the European Parliament relating to the nomination of 4 members of the Management Board of the European Medicines Agency

COMMISSION DECISION

to adopt the candidates list to be submitted to the Council and to the European Parliament relating to the nomination of 4 members of the Management Board of the European Medicines Agency

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency,

Considering that Article 65 of the above mentioned Regulation states the composition of the Management Board as well as the procedure to be used for its members' nomination, which includes two representatives of patients' organisations, one representative of doctors' organisations and one representative of veterinarians' organisations appointed by the Council in consultation with the European Parliament on the basis of a list drawn up by the Commission which includes appreciably more names than there are posts to be filled,

Considering that the Commission has put forward all the names that it has received on the basis of a call for expressions of interest, and that it has not been possible for the Commission to identify more names than posts to be filled for the doctors and veterinarians representatives, as the European associations of doctors' and veterinarians' organisations have conducted their internal selection process and have each proposed one single candidate to represent them at the Management Board,

HAS DECIDED AS FOLLOWS:

Sole Article

The 6 candidates list annexed is adopted by the Commission and submitted to the Council and the European Parliament for the nomination of 4 members of the Management Board of the European Medicines Agency (EMA).
