Proposal for a

**REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

**amending Council Regulation (EC) No 834/2007 on organic production and labelling of  
organic products**

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE PROPOSAL**

- **Grounds for and objectives of the proposal**

To align the Commission implementing powers in Council Regulation (EC) No 834/2007<sup>1</sup> to the differentiation between delegated and implementing powers of the Commission introduced by Articles 290 and 291 of the Treaty on the Functioning of the European Union (TFUE).

- **General context**

Articles 290 and 291 of the Treaty on the Functioning of the European Union (TFUE) distinguish two different types of Commission acts:

- Article 290 of the TFUE allows the legislator to "*delegate to the Commission the power to adopt non-legislative acts of general application to supplement or amend certain non-essential elements of a legislative act*". Legal acts adopted by the Commission in this way are referred to in the terminology used by the Treaty as "delegated acts" (Article 290(3)).
- Article 291 of the TFUE allows Member States to "*adopt all measures of national law necessary to implement legally binding Union acts*". Those acts shall confer implementing powers on the Commission where uniform conditions for implementing them are needed. Legal acts adopted by the Commission in this way are referred to in the terminology used by the Treaty as "implementing acts" (Article 291(4))

- **Existing provisions in the area of the proposal**

Articles 290 and 291 of the Treaty on the Functioning of the European Union (TFUE).

- **Consistency with the other policies and objectives of the Union**

Not applicable.

### **2. CONSULTATION OF INTERESTED PARTIES AND IMPACT ASSESSMENT**

- **Consultation of interested parties**

- **Collection and use of expertise**

There was no need for consultation of interested parties or for external expertise since the proposal to align Council Regulation (EC) No 834/2007 to the Lisbon Treaty is an inter-institutional matter that will concern all Council Regulations. The

amendments aiming at simplification of legislation are of limited scope and purely technical nature.

- **Impact assessment**

No need of impact assessment since the proposal to align Council Regulation (EC) No 834/2007 to the Lisbon Treaty is an inter-institutional matter that will concern all Council Regulations. The amendments aiming at simplification are of limited scope and purely technical nature.

### **3. LEGAL ELEMENTS OF THE PROPOSAL**

- **Summary of the proposed action**

Identify the delegated and implementing powers of the Commission in Council Regulation (EC) No 834/2007 and establish the corresponding procedure for adoption of these acts.

In addition, an element of clarification in the field of accreditation is introduced.

- **Legal basis**

Article 43 of the Treaty on the Functioning of the European Union.

- **Subsidiarity principle**

Agricultural policy is of shared competence between the EU and the Member States. This means that as long as the EU does not legislate in the sector Member States maintain their competence. As regards organic production a Community approach already exists, and it is justified to simplify the current rules.

- **Proportionality principle**

The proposal complies with the proportionality principle.

- **Choice of instruments**

Proposed instrument: Regulation of the European Parliament and of the Council.

### **4. BUDGETARY IMPLICATIONS**

This measure does not involve any additional Community expenditure.

- (2) As a consequence of the entry into force of the Lisbon Treaty, the powers conferred upon the Commission under Regulation (EC) No 834/2007 need to be aligned to Articles 290 and 291 of the Treaty on the Functioning of the European Union (the Treaty).
- (3) The Commission should have the power to adopt delegated acts in accordance with Article 290 of the Treaty in order to supplement or amend certain non-essential elements of Regulation (EC) No 834/2007. The elements for which that power may be exercised should be defined, as well as the conditions to which that delegation is to be subject.
- (4) In order to guarantee a uniform application of Regulation (EC) No 834/2007 in all Member States, the Commission should be empowered to adopt implementing acts in accordance with Article 291 of the Treaty.
